## CCTV SYSTEM

- ↳ IP CCTV System
- ↳ HD CCTV System
- ↳ Wirelss/ WIFI Cameras
- ↳ Explosion Proof Cameras
- ↳ Thermal Cameras
- ↳ Pin Hole Cameras

## ACCESS CONTROL SYSTEM

- ↳ Stand Alone & Centralized Access Control System
- ↳ Biometric/ Face/ Pam recognized System
- ↳ RFID/ Mifare/ UHF cards Base System
- ↳ Bluetooth/ WIFI Base Access Control System
- ↳ Cloud Base Access System

## ATTENDANCE SYSTEM

- ↳ Cloud Base Attendance System
- ↳ Remote or Field employees Attendance System
- ↳ Biometric/ Face/ Pam recognized Attendance
- ↳ RFID/ Mifare/ UHF cards Base System
- ↳ Bluetooth/ WIFI Base Access Control System
- ↳ Student Attendance System

## TRACKING SYSTEM

- ↳ GPS Vehicle Tracking System with fuel, Temp., AC, Ignition Reports
- ↳ Employee Tracking System
- ↳ Asset Tracking system
- ↳ Indoor Plant Navigation & Tracking System

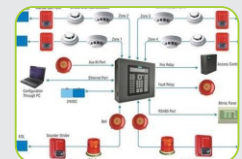

## MANAGEMENT SYSTEMS

- ↳ Canteen Management System
- ↳ Visitor Management/Parking Management System
- ↳ Queue Management System
- ↳ Road Safety Management Products (PVC/ Rubber Speed Breakers, Convex Mirror, Solar Stud, PVC Stud, Reflectors, Wheel Stopper, Corner Guard Etc.)

## FIRE & BURGLAR ALARM SYSTEM

- ↳ Addressable Fire System
- ↳ Conventional Fire System
- ↳ Wired / Wireless Alarm Systems
- ↳ GSM Base Alarm System
- ↳ All types of Wires & Wireless Sensors Integration

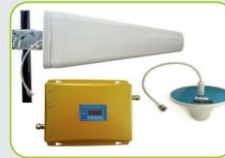

WITTAG SOLUTION

## MOBILE JAMMER

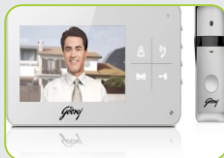

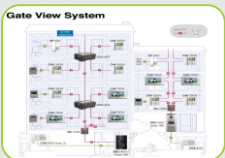

- ↳ Network Jammer
- ↳ 2G Network Jammer
- ↳ 3G Network Jammer
- ↳ 4G Network Jammer
- ↳ Pocket Jammer
- ↳ GSM Network Jammer

## MOBILE BOOSTER

- ↳ Network Booster
- ↳ 2G Network Booster
- ↳ 3G Network Booster
- ↳ 3G+GSM Network
- ↳ 4G Network Booster
- ↳ Mobile Network Generator

## VIDEO DOOR PHONES & DIGITAL LOCKS

- ↳ Analog & IP Door Phones
- ↳ Wireless/WIFI door Phones
- ↳ Centralized Video Door Phones System
- ↳ Digital door lock system –  
↳ FINGER/CARD/PASSWORD

## EPABX SYSTEM

- ↳ Telephone Setup / Intercom Facility
- ↳ Multiple Channel
- ↳ EPABX Setup for Office
- ↳ EPABX Setup for Hotel
- ↳ Multiple Telephonic Instrument
- ↳ IP /Analog Telephone System

## PA & PAGA SYSTEM

- Public Address System
- General Alarm System
- Industrial Alarm System
- Two Way Communication
- Conference System

## AUTOMATIC BARRIERS & DOORS

- Boom Barriers
- Hydraulic Barriers

## OUR MISSION & VISION

**OUR MISSION** is to maximize the use of technology in daily life to make life secure, safe and easy. Our team is continuously working on latest technology products to provide best of best to customer. Our professionals are working on combination different technology for its better use. We believe that **AUTOMATION** is going to play huge role in daily life and in future it will be covered in to **ROBOTICS**. Nowdays **ROBOTICS** technology is used only in industries to perform some define task, Now we urge to enhance this technology for our daily purpose.

## WITTAG SOLUTION

*Is your property getting the security it needs ?  
Is there someone watching over every inch of your premises 24 x 7 ?  
Someone who can oversee everything at once ?  
Someone whose attention never wavers ?  
Allow us to present our CCTV System and electronics sential that stays on guard 24 x 7.  
A System that's indispensable, no matter what your establishment.*

### INDUSTRIES

Like every responsible factory owner, you want to monitor every worker and ensure that the best practises are being carried out on the factory floor. Unfortunately, no one can be expected to oversee everything at once. A CCTV System on the other hand, covers every inch of your premises, and relays all the information to the central control room.

### OFFICES

In a medium to large size office, this system will let you monitor everything from staff entries and exits to intellectual theft and general pilferage.

### JEWELLERY STORES AND PREMIUM SHOWROOMS :

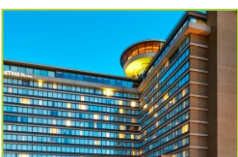

Here, a CCTV system is absolutely essential. Considering the value of merchandise you're dealing with, it is foolish to rely only on the observational powers of your sales and security staff.

### MALLS AND MULTIPLEXES :

Naturally, this system is a prerequisite when it comes to such establishments. What you need however, is a CCTV system with solid credentials. One that has been sourced from the world's most reputed manufacturers and is backed by a country-wide sales network and a dedicated after-sales team.

### HOTELS AND RESTAURANT

Hotels are the places that need to be secured. Where customers feel safe and secure at such places. Cafes and restaurants must be places of security... So CCTV is the basic requirement of hotels and restaurants.

### SCHOOL AND COLLEGES

Parents are always worried about their children. If an academy is under a security zone, then parents choose such universities for their children. CCTV is widely used in schools and colleges and universities.

## WIT :

Group of Technical professional working on different technologies, examine latest products, make it available for customers. Technocrafts people, directly in touch with manufactures, working on latest technology products, study on inputs given by TAG team and try to fulfill all requirement of customer.

## TAG :

Group of Professional directly in touch with end customer, Working on customer demands, passed same to into to WIT team, Responsible for selling, implementing and services products. Combination of WIT and TAG team makes WITTAG where both groups working together to achieve common goal that is customer TRUST and RELIABILITY. Our VISION is to be highly qualified and high performance company in service field.

# OUR VALUABLE CLIENTS

& many more...

An ISO 9001:2015  
Certified Company

*"A customer is the most important visitor on our premises. He is not dependent on us. We are dependent on him. He is not an interruption of our work. He is the purpose of it. He is not an outsider of our business. He is part of it. We are not doing him a favour by serving him. He is doing us a favour by giving us the opportunity to do so."*

**Mahatma Gandhi**
